The artist's book was created on the occasion of his exhibition, bearing the same title, and includes a series of chapters each referring to works on exhibit. Each chapter presents a documentation through images and drawings regarding the making of individual pieces, thus providing a view into the ideas and process characterizing the artist's creations.

A special not-for-sale edition of 25 copies signed by the artist, with an authentic drawing by Thomas Scheibitz has been also produced alongside the artist's book.
