Language: English

Price: 35 €

The book can be also purchased on the website:

[www.silvanaeditoriale.it](http://www.silvanaeditoriale.it)

Diacono's book groups together the critical texts which have accompanied exhibitions in his Boston gallery between 1994 and 2007. Together with *Verso una nuova Iconografia* (1984) and *Iconography and Archetypes* (2010), the book is his third and last exploration of post-Conceptual art.

The use of similar words in the three titles points at a virtual continuity between new works and old imagery
