This original accordion book includes all the photographs of the exhibit with the same title, fifty pictures chosen to emphasize the similarities and consonance of Esko Männikkö's research with the Collection.

The photographs, shot from 1991 to 2013, are taken from several series of the Finnish "hunter of pictures", from the famous *Female Pike*, focussing on portraits of bachelors in the remotest areas around Helsinki, to the more recent *Blues Brothers*, homage to funerary sculptures eroded by time.

The volume comprises a text by Maija Koskinen, curator of his important solo exhibition *Time Flies* at Kunsthalle Helsinki in 2014.
