The book collects all the texts of the podcast series with the same title and an introduction by Marco Belpoliti, founder and editorial director of the cultural magazine Doppiozero.

The project, born in 2021, represents an original narrative form between art, literature, theater and digital communication: twenty-four episodes that offer a new look at a selection of artworks from the Collezione Maramotti, explored through the words of Doppiozero important authors, punctuated by the voices of the actors of Teatro delle Albe company.
